Policy Statement

It is the policy of the Keewatin-Patricia District School Board (KPDSB) to deny requests for donations for any and all purposes.

It is the policy of the Keewatin-Patricia District School Board to provide, subject to guidelines below, other forms of assistance to non-profit organizations whose objectives are consistent with, or complementary to, those of the Board provided such assistance can be granted at no cost to the Board and does not interfere with the Board's primary mandate to provide elementary and secondary education to pupils.

It is the policy of the Board to accept, subject to the guidelines below, donations that in its opinion will enhance the education of its pupils and/or support other educational opportunities for them.

Rationale

The Education Act, R.S.O. 1990 c. E.2, as amended, established the duties and powers of District School Boards. The prevailing legal view is that unless a duty or power is specifically granted by the Education Act, School Boards may not presume to have the duty or power. There is no specific provision in the Education Act for School Boards to make donations.

There is a provision in the Education Act, subsection 173 (2), for School Boards to award bursaries or prizes to their pupils under such terms and conditions as the Board may prescribe. Therefore, these would not be considered donations for the purposes of this Policy.

The acceptance of donations of cash, equipment, and services may enable the Board to offer a type, or level, of programs and services to its pupils that the provincial funding model does not support.
