

Policy Section: School Administration

300

Policy Name: **Student Use of Service Animals**

323

Policy Statement

It is the policy of the Keewatin-Patricia District School Board (KPDSB) to be committed to the learning of all students and provide supports to facilitate student success. It is the policy of the KPDSB, in accordance with its obligations pursuant to the Ontario Human Rights Code, to provide individualized accommodations to students with disabilities to enable them to have meaningful access to education services. The KPDSB recognizes that for some students attending school with a trained service/support animal is an accommodation that can assist the student to access the curriculum, integrate more fully into the school community, and build independence.

Rationale

When planning for a Guide Dog, Service Dog, or Service Animal to support a student, the KPDSB considers the student’s dignity, integration, independence, and disability-related learning needs and the accommodations available to enable meaningful access to education.

The process of accommodation shall also consider the competing human rights of other students and of staff; the impact of the Guide Dog, Service Dog, or Service Animal on the learning environment; and the health and safety of all individuals who are or might be in the school, on school grounds, or at a school-related event.
