## **MANAGEMENT REPORT**

### **Management's Responsibility for the Consolidated Financial Statements**

The accompanying consolidated financial statements of Keewatin-Patricia District School Board are the responsibility of the Board management and have been prepared in accordance with the Financial Administration Act, supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act, as described in Note 1 to the consolidated financial statements.

The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgement, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Board management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management. The Board meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by BDO Canada LLP, independent external auditors appointed by the Board. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Board's consolidated financial statements.

## Independent Auditor's Report

---

### To the Board of Trustees of Keewatin-Patricia District School Board

We have audited the accompanying consolidated financial statements of Keewatin-Patricia District School Board, which comprise the consolidated statement of financial position as at August 31, 2015, the consolidated statement of operations, consolidated statement of cash flows and consolidated statement of changes in net debt for the year then ended and a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Consolidated Financial Statements*

Management is responsible for the preparation of these consolidated financial statements in accordance with the basis of accounting described in Note 1 to the consolidated financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the consolidated financial statements of Keewatin-Patricia District School Board as at and for the year ended August 31, 2015 are prepared, in all material respects, in accordance with the basis of accounting described in Note 1 to the consolidated financial statements.

***Emphasis of Matter***

Without modifying our opinion, we draw attention to Note 1 (significant accounting policies) to the consolidated financial statements which describes the basis of accounting used in the preparation of these consolidated financial statements and the significant differences between such basis of accounting and Canadian public sector accounting standards.

## **Notes to Consolidated Financial Statements**

### **1. SIGNIFICANT ACCOUNTING POLICIES**

The consolidated financial statements are prepared by management in accordance with the basis of accounting described below.

All amounts referenced in these notes and financial statements are in thousands (000's) of Canadian dollars unless otherwise noted.

#### **a) Basis of Accounting**

The consolidated financial statements have been prepared in accordance with the Financial Administration Act supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act.

The Financial Administration Act requires that the consolidated financial statements be prepared in accordance with the accounting principles determined by the relevant Ministry of the Province of Ontario. A directive was provided by the Ontario Ministry of Education within memorandum 2004:B2 requiring school boards to adopt Canadian public sector accounting standards commencing with their year ended August 31, 2004 and that changes may be required to the application of these standards as a result of regulation.

In 2011, the government passed Ontario Regulation 395/11 of the Financial Administration Act. The Regulation requires that contributions received or receivable for the acquisition or development of depreciable tangible capital assets and contributions of depreciable tangible capital assets for use in providing services, be recorded as deferred capital contributions and be recognized as revenue in the statement of operations over the periods during which the asset is used to provide service at the same rate that amortization is recognized in respect of the related asset. The regulation further requires that if the net book value of the depreciable tangible capital asset is reduced for any reason other than depreciation, a proportionate reduction of the deferred capital contribution along with a proportionate increase in the revenue be recognized. For Ontario school boards, these contributions include government transfers, externally restricted contributions and, historically, property tax revenue.

The accounting policy requirements under Regulation 395/11 are significantly different from the requirements of Canadian public sector accounting standards which require that

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410;
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100; and

**August 31, 2015**

## **Notes to Consolidated Financial Statements**

- property taxation revenue be reported as revenue when received or receivable in accordance with public sector accounting standard PS3510.

As a result, revenue recognized in the statement of operations and certain related deferred revenues and deferred capital contributions would be recorded differently under Canadian Public Sector Accounting Standards.

### **b) Reporting Entity**

The consolidated financial statements reflect the assets, liabilities, revenues and expenses of the reporting entity. The reporting entity is comprised of all organizations accountable for the administration of their financial affairs and resources to the Board and which are controlled by the Board.

School generated funds, which include the assets, liabilities, revenues and expenses of various organizations that exist at the school level and which are controlled by the Board are reflected in the consolidated financial statements.

Northwestern Ontario Student Services Consortium is accounted for on a proportional consolidated basis, whereby each participating board reports its pro-rata share of the assets, liabilities, revenues and expenses of the consortium that are subject to shared control, combined on a line-by-line basis with similar line items.

Consolidated entities –  
Northwestern Ontario Student Services Consortium  
School Generated Funds

Interdepartmental and inter-organizational transactions and balances between these organizations are eliminated.

### **c) Trust Funds**

Trust funds and their related operations administered by the Board are not included in the consolidated financial statements as they are not controlled by the Board.

### **d) Cash and Cash Equivalents**

Cash and cash equivalents comprise of cash on hand, demand deposits and short-term investments. Short-term investments are highly liquid, subject to insignificant risk of changes in value and have a short maturity term of less than 90 days.

### **e) Investments**

Temporary investments consist of marketable securities which are liquid short-term investments with maturities of between three months and one year at the date of acquisition, and are carried on the Consolidated Statement of Financial Position at the lower of cost or market value.

**August 31, 2015**

## **Notes to Consolidated Financial Statements**

Long-term investments consist of investments that have maturities of more than one year. Long-term investments are recorded at cost, and assessed regularly for permanent impairment.

### **f) Deferred Revenue**

Certain amounts are received pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs or in the delivery of specific services and transactions. These amounts are recognized as revenue in the fiscal year the related expenditures are incurred or services performed.

### **g) Deferred Capital Contributions**

Contributions received or receivable for the purpose of acquiring or developing a depreciable tangible capital asset for use in providing services, or any contributions in the form of depreciable tangible assets received or receivable for use in providing services, shall be recognized as deferred capital contribution as defined in Ontario Regulation 395/11 of the Financial Administration Act. These amounts are recognized as revenue at the same rate as the related tangible capital asset is amortized. The following items fall under this category:

- a. Government transfers received or receivable for capital purpose
- b. Other restricted contributions received or receivable for capital purpose
- c. Property taxation revenues which were historically used to fund capital assets

### **h) Retirement and Other Employee Future Benefits**

The Board provides defined retirement and other future benefits to specified employee groups. These benefits include pension, life insurance, and health care benefits, dental benefits, retirement gratuity, worker's compensation and long-term disability benefits. The Board has adopted the following policies with respect to accounting for these employee benefits:

- (i) The costs of self-insured retirement and other employee future benefit plans are actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement, insurance and health care costs trends, disability recovery rates, long-term inflation rates and discount rates. The cost of retirement gratuities are actuarially determined using the employee's salary, banked sick days and years of service as at August 31, 2012 and management's best estimate of discount rates. Any actuarial gains and losses arising from changes to the discount rate are amortized over the expected average remaining service life of the employee group.

For self-insured retirement and other employee future benefits that vest or accumulated over the periods of service provided by employees, such as life insurance and health care benefits for retirees, the cost is actuarially determined using the projected benefits method prorated on service. Under this method, the benefit costs are recognized over the expected average service life of the employee group.

**August 31, 2015**

**Notes to Consolidated Financial Statements**

For those self-insured benefit obligations that arise from specific events that occur from time to time, such as obligations for worker's compensation, long-term disability and life insurance and health care benefits for those on disability leave, the cost is recognized immediately in the period the events occur. Any actuarial gains and losses that are related to these benefits are recognized immediately in the period they arise.

(ii) The costs of multi-employer defined pension plan benefits, such as the Ontario Municipal Employees Retirement System pensions, are the employer's contributions due to the plan in the period.

(iii) The costs of insured benefits are the employer's portion of insurance premiums owed for coverage of employees during the period.

**i) Tangible Capital Assets**

Tangible capital assets are recorded at historical cost less accumulated amortization. Historical cost includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset, as well as interest related to financing during construction. When historical cost records were not available, other methods were used to estimate the costs and accumulated amortization.

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

Tangible capital assets, except land, are amortized on a straight line basis over their estimated useful lives as follows:

<b>Asset</b>	<b>Estimated Useful Life in Years</b>
Land improvements with finite lives	15
Buildings and building improvements	40
Portable Structures	20
Other Buildings	20
First-time equipping of schools	10
Furniture	10
Equipment	5-15
Computer hardware	5
Computer software	5
Vehicles	5-10
Leasehold improvements	Over the lease term

Assets under construction and assets that relate to pre-acquisition and pre-construction costs are not amortized until the asset is available for productive use.

Land permanently removed from service and held for resale is recorded at the lower of cost and estimated net realizable value. Cost includes amounts for improvements to

**August 31, 2015**

## **Notes to Consolidated Financial Statements**

prepare the land for sale or servicing. Buildings permanently removed from service and held for resale cease to be amortized and are recorded at the lower of carrying value and estimated net realizable value. Tangible capital assets which meet the criteria for financial assets are reclassified as “assets held for sale” on the consolidated statement of financial position.

Works of art and cultural and historic assets are not recorded as assets in these consolidated financial statements.

### **j) Government Transfers**

Government transfers, which include legislative grants, are recognized in the consolidated financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amount can be made.

Government transfers for capital that meet the definition of a liability are referred to as deferred capital contributions (DCC). Amounts are recognized into revenue as the liability is extinguished over the useful life of the asset.

### **k) Investment Income**

Investment income is reported as revenue in the period earned.

When required by the funding government or related Act, investment income earned on externally restricted funds such as pupil accommodation, education development charges and special education forms part of the respective deferred revenue balances.

### **l) Budget Figures**

Budget figures have been provided for comparison purposes and have been derived from the budget approved by the Trustees. The budget approved by the Trustees is developed in accordance with the provincially mandated funding model for school boards and is used to manage program spending within the guidelines of the funding model.

### **m) Use of Estimates**

The preparation of consolidated financial statements in conformity with the basis of accounting described in note 1a requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the year. Accounts subject to significant estimates include useful lives of tangible capital assets and liabilities for retirement and other employee future benefits. Actual results could differ from these estimates.

**August 31, 2015**

**Notes to Consolidated Financial Statements**

**n) Property Tax Revenue**

Under Public Sector Accounting Standards, the entity that determines and sets the tax levy records the revenue in the financial statements, which in the case of the Board, is the Province of Ontario. As a result, property tax revenue received from the municipalities is recorded as part of Provincial Legislative Grants.

**2. CHANGES IN ACCOUNTING POLICIES**

The Board has implemented Public Sector Accounting Board (“PSAB”) section 3260 Liability for contaminated sites. Section 3260 requires governments to record a liability in their financial statements if they have a contaminated site that meets the requirements set out in the standard. The standard defines contamination as the introduction into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The standard generally applies to sites that are not in productive use. Sites that are in productive use are only considered contaminated if there was an unexpected event that resulted in contamination. This change has been applied retroactively without the restatement of prior periods.

The adoption of this standard did not have an impact on the Board’s financial statements.

**3. INVESTMENTS**

Investments are comprised as follows:

	Maturity Date	Rate	2015		2014	
			Cost	Market Value	Cost	Market Value
TD Canada Trust term deposit	17-Nov-14	2.45%			2,000	2,002
TD Canada Trust term deposit	17-Nov-14	1.40%			1,400	1,400
Copperfin Credit Union term deposit	27-Jun-15	1.81%			8,000	8,026
Copperfin Credit Union term deposit	27-Jun-16	1.75%	8,000	8,025		
			<b>8,000</b>	<b>8,025</b>	<b>11,400</b>	<b>11,428</b>

Investments are assessed regularly for impairment and are written down if a permanent impairment exists.

August 31, 2015

**Notes to Consolidated Financial Statements**

**4. ACCOUNTS RECEIVABLE - GOVERNMENT OF ONTARIO**

The Province of Ontario (Province) replaced variable capital funding with a one-time debt support grant in 2009-10. The Board received a one-time grant that recognized capital debt as of August 31, 2010 that is supported by the existing capital programs. The Board receives this grant in cash over the remaining term of the existing capital debt instruments. The Board may also receive yearly capital grants to support capital programs which would be reflected in this account receivable.

The Board has an account receivable from the Province of Ontario of \$20,666 as at August 31, 2015 (2014 - \$21,502) with respect to capital grants.

**5. DEFERRED REVENUE**

Revenues received and that have been set aside for specific purposes by legislation, regulation or agreement are included in deferred revenue and reported on the Consolidated Statement of Financial Position.

Deferred revenue set-aside for specific purposes by legislation, regulation or agreement as at August 31, 2015 is comprised of:

	<b>Balance as at August 31, 2014</b>	<b>Increase</b>	<b>Decrease</b>	<b>Balance as at August 31, 2015</b>
Proceeds of Disposition	1,756	0	204	1,552

**6. DEFERRED CAPITAL CONTRIBUTIONS**

Deferred capital contributions include grants and contributions received that are used for the acquisition of tangible capital assets in accordance with regulation 395/11 that have been expended by year end. The contributions are amortized into revenue over the life of the asset acquired.

	2015	2014

**Actuarial Assumptions**

The accrued benefit obligations for employee future benefit plans as at August 31, 2015 are based on the most recent actuarial valuations completed for accounting purposes as at August 31, 2015 (date actuarial probabilities were determined) and based on updated average daily salary and banked sick days as at August 31, 2015. These valuations take into account the plan changes outlined above and the economic assumptions used in these valuations are the Board's best estimates of expected rates of:

	<b>2015</b>	<b>2014</b>
	%	%
Inflation	1.5	2.0
Wage and salary escalation	0.0	0.0
WSIB discount rate	2.45	2.85
Insurance, health and dental care cost escalation	4.75-8.75	4.75-8.75
Discount on accrued benefit obligations	2.45	2.85

**Retirement Benefits**

(i) Ontario Teacher's Pension Plan

Teachers and related employee groups are eligible to be members of Ontario Teacher's Pension Plan. Employer contributions for these employees are provided directly by the Province of Ontario. The pension costs and obligations related to this plan are a direct responsibility of the Province. Accordingly, no costs or liabilities related to this plan are included in the Board's consolidated financial statements.

(ii) Ontario Municipal Employees Retirement System

All non-teaching employees of the Board are eligible to be members of the Ontario Municipal Employees Retirement System (OMERS), a multi-employer pension plan. The plan provides defined pension benefits to employees based on their length of service and rates of pay. The Board contributions equal the employee contributions to the plan. During the year ended August 31, 2015, the Board contributed \$ 1,293 (2014 - \$1,264) to the plan. As this is a multi-employer pension plan, these contributions are the Board's pension benefit expenses. No pension liability for this type of plan is included in the Board's consolidated financial statements.

The OMERS pension plan has approximately 275,000 active members and approximately 176,000 retired and other members. The Plan has unfunded liability of \$7.1 billion. The actuary does not attribute portions of the unfunded liability to individual employers. The Board contributions equal the employee contributions to the plan.

**August 31, 2015**

**Notes to Consolidated Financial Statements**

(iii) Retirement Gratuities

The Board provides retirement gratuities to certain groups of employees hired prior to specified dates. The Board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the Board's consolidated financial statements. The amount of gratuities payable to eligible employees at retirement is based on their salary, accumulated sick days, and years of service at August 31, 2012.

(iv) Retirement Life Insurance and Health Care Benefits

The Board provides life insurance, dental and health care benefits to a certain employee group after retirement until the members reach 65 years of age. The Board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the Board's consolidated financial statements. Effective September 1, 2013, employees retiring on or after this date, do not qualify for board subsidized premiums or contributions.

**Other Employee Future Benefits**

(i) Workplace Safety and Insurance Board Obligations

The Board is a Schedule 2 employer under the Workplace Safety and Insurance Act and, as such, assumes responsibility for the payment of all claims to its injured workers under the Act. The Board does not fund these obligations in advance of payments made under the Act. The benefit costs and liabilities related to this plan are included in the Board's consolidated financial statements. Plan changes made in 2012 requires school boards to provide salary top-up to a maximum of 4 ½ years for employees receiving payments from the Workplace Safety and Insurance Board, where the previously negotiated collective agreement included such provision.

(ii) Long-Term Disability Life Insurance and Health Care Benefits

The Board provides life insurance, dental and health care benefits to employees on long-term disability leave. Employees in receipt of long-term disability benefits are responsible for the payment of the premium on life insurance and deemed premium on health care benefits. The Board is responsible for any costs in excess of the employee contributions through an unfunded defined benefit plan. The costs of salary compensation paid to employees on long-term disability leave are fully insured and not included in this plan.

(iii) Sick Leave Top-Up Benefits

As a result of changes made in 2012-2013 to the short term sick leave and disability plan, a maximum of eleven unused sick leave days from the current year may be carried forward into the following year only, to be used to top-up salary for illnesses paid through

the short-term leave and disability plan in that year. The benefit costs expensed in 2015 are \$41 (2014 - \$29).

For accounting purposes, the valuation of the accrued benefit obligation for the sick leave top-up is based on actuarial assumptions about future events determined as at August 31, 2015 (the date at which the probabilities of usage were determined) and is based on the average daily salary and banked sick days of employees as at August 31, 2015.

## **12. BOARD PERFORMS DUTIES OF A MUNICIPAL COUNCIL**

The Board performs the duties of levying and collecting taxes, conducting elections of members, etc. in territory without municipal organization. The outlay by the Board in 2015 in respect of performing duties of municipal council is reported by area in a separate statement.

Since January 1, 2009, the City of Thunder Bay collects the taxes in territory without municipal organization on behalf of the Board.

Certain costs are recoverable through a levy on all rateable property in the area and other approved costs are recoverable through an offset to the local taxation revenue.

**15. TRUST FUNDS**

Trust funds administered by the Board amounting to \$327 (2014 - \$333) have not been included in the consolidated statement of financial position nor have their operations been included in the consolidated statement of operations.

**16. ONTARIO SCHOOL BOARD INSURANCE EXCHANGE (OSBIE)**

The school board is a member of the Ontario School Board Insurance Exchange (OSBIE), a reciprocal insurance company licensed under the Insurance Act. OSBIE insures general public liability, property damage and certain other risks. Liability insurance is available to a maximum of \$24,000 per occurrence.

The ultimate premiums over a five year period are based on the reciprocal's and the Board's actual claims experience. Periodically, the Board may receive a refund or be asked to pay an additional premium based on its pro rata share of claims experience. The current five year term expires December 31, 2016.

**17. CONTRACTUAL OBLIGATIONS AND CONTINGENT LIABILITIES**

The Board has a contractual obligation through the Northwestern Ontario Student Services Consortium for transportation services with various providers for up to five years ending July 31, 2016. The value of the contract and portion attributable to the Board fluctuates year to year based on ridership and the routes added or subtracted. For 2015 – 2016, the contracts are valued at \$5,693 of which \$3,754 is estimated to be attributed to the Board.

During the normal course of operations, various proceedings and claims have been filed against the Board. The Board reviews the validity of these claims and proceedings and management believes any settlement would be adequately covered by its insurance policies and would not have a material effect on the consolidated financial position or future consolidated results of operations of the Board. Accordingly, no provision has been made in these consolidated

**18. SEGMENTED INFORMATION**

The Keewatin-Patricia District School Board is a government institution that provides primarily education services. No additional disclosure on a segmented basis was considered necessary as the Board considers all the services and activities they provide to be encompassed in the segment of education.

**19. PARTNERSHIP IN NORTHWESTERN ONTARIO STUDENT SERVICES CONSORTIUM**

Effective the first day of the 2010-11 school year, the Board entered into an agreement with Kenora Catholic District School Board and The Northwest Catholic District School Board and Conseil Scolaire de District Catholique des Aurores Boreales in order to provide common administration of student transportation in the Region. This agreement was executed in an effort to increase delivery efficiency and cost effectiveness of student transportation for each of the Boards. Under the agreement, decisions related to the financial and operating activities of Northwestern Ontario Student Services Consortium are shared. No partner is in a position to exercise unilateral control.

The Board's consolidated financial statements reflect proportionate consolidation, whereby they include the assets that it controls, the liabilities that it has incurred, and its pro-rata share of revenues and expenses.

## **20. REPAYMENT OF “55 SCHOOL BOARD TRUST” FUNDING**

On June 1, 2003, the Board received \$9,353 from The 55 School Board Trust for its capital related debt eligible for provincial funding support pursuant to a 30-year agreement it entered into with the trust. The 55 School Board Trust was created to refinance the outstanding not permanently financed (NPF) debt of participating boards who are beneficiaries of the trust. Under the terms of the agreement, The 55 School Board Trust repaid the Board’s debt in consideration for the assignment by the Board to the trust of future provincial grants payable to the Board in respect of the NPF debt.

As a result of the above agreement, the liability in respect of the NPF debt is no longer reflected in the Board’s financial position.

## **21. SUBSEQUENT EVENTS**

In October, a contract was awarded for the pre-load of the new Sioux Lookout High School in the amount of \$554.8 plus net HST.

Subsequent to August 31, 2015, Ontario Secondary Teachers’ Federation, Ontario Secondary Teachers’ Federation – Support Staff, Elementary Teachers’ Federation and Canadian Union of Public Employees ratified agreements at the central level which include a voluntary retirement gratuity early payout provision. This provision may have a future impact on the board’s employee future benefit liability. There is no impact to the 2014-15 fiscal year. To be effective, the collective agreements must be ratified at both the central and local level. At the reporting date of these financial statements, local ratification has not occurred.
