

Policy Section: **Business and Administrative Matters**

600

Policy Name: **School Fundraising**

608

Policy

It is the policy of the Keewatin-Patricia District School Board to permit and encourage schools to enter into fund raising activities for any worthwhile purpose, subject to the guidelines set forth under this policy. All fund raising must have a designated purpose and the proceeds of fund raising must be used for the designated purpose.

Rationale

The Keewatin-Patricia District School Board recognizes that fund raising by schools will enable them to purchase goods and services and provide programs that would not be possible within the provincial funding model. As well, the Board believes it is appropriate and beneficial for schools to participate in fund raising for charitable and community causes, and that there should be resulting positive experiences for all those involved.

Guidelines

The Director of Education is authorized to issue procedures that at a minimum shall address:

1. Safety and Communication
2. Fund Raising for Charitable and Community Cause
3. Fund Raising for School Purposes
