***bussing@nwobus.ca***

TO QUALIFY FOR TRANSPORTATION, YOU OR YOUR CAREGIVER MUST RESIDE MORE THAN THE FOLLOWING DISTANCE FROM YOUR DESIGNATED SCHOOL:

**Keewatin-Patricia**  
**JK/SK – 1.0 km**

**Gr. 1–3 - 1.0km**  
**Grade 4-8 – 2.0 km**  
**Grade 9 -12 – 3.2 km**

**Kenora Catholic**  
**JK/SK - may provide to door where reasonable**

**Gr. 1 -3 - 1.0 km**  
**Gr. 4-6 - 1.6 km**  
**Grade 9-12- 3.2 km**

1. Eligibility for school bus transportation is governed by a number of factors including distance from school, grade of students and other criteria defined by the Transportation Policy of the Board. There are also criteria applied to determine side road eligibility for bus service.
2. STOPS AND TIMES WILL REMAIN APPROXIMATELY THE SAME AS LAST YEAR. Headings and route descriptions are general in nature and do not provide a complete description. It is also necessary to revise routes from time to time as circumstances require. HOWEVER, PLEASE CHECK YOUR ROUTE. THREE BUSES WERE REDUCED FROM THE OVERALL KENORA FLEET.
3. If your student is beginning Grade 9 at Beaver Brae or Grade 7 at Thomas Aquinas, you should have received a letter from our office indicating bussing arrangements. If you have not received a letter by August 20, please contact the Transportation Office. IF YOU HAVE RECEIVED A LETTER FROM US THERE IS NO NEED TO CALL.
4. Students who have moved and new students are required to make arrangements through the TRANSPORTATION OFFICE. Please do not call the Bus Operator or the school directly.
5. Unfortunately, cross boundary transportation cannot be accommodated. With the permission of the principals involved, students may be permitted to attend a school other than the one designated for their area and transportation may be available within the attending school boundary providing eligibility criteria is met and there is room on the bus.

6. For the Fine Arts Program offered at Lakewood, we will do everything we can to provide transportation however approval for service is subject to eligibility and room on the bus.
7. In the interest of safety, eligible students are permitted one pick-up point and one drop-off point only. These may be different but it must be the same arrangement every day and there must be room on the bus if it involves two buses.
8. The Transportation system is designed for eligible students who require the service on a regular basis. We have been experiencing situations where parents are securing seats on a bus but are not using the service on a regular basis. This is detrimental to students who require service regularly (e.g. Community Learning Centre and Fine Arts) and we cannot provide it. We are monitoring rider-ship and if loading is an issue we cannot accommodate irregular riders. Regular usage can be defined as at least three times per week either morning or evening (IE: Riding three times out of a possible ten). Each case would be reviewed on an individual basis. **IF YOU ARE NOT REGULARLY USING THE SERVICE PLEASE ADVISE US. IF YOU ONLY REQUIRE THE SERVICE ONE-WAY, PLEASE CALL THE TRANSPORTATION OFFICE.**
9. The Transportation system is designed for eligible students only for the purposes of home to school transportation. **Parents or students are responsible for transportation to accommodate visiting friends, birthday parties, part-time employment, personal commitments or other activities.**
10. In the interest of SAFETY and due to the volume of calls from our entire Board area (Kenora, Red Lake, Ear Falls, Vermilion Bay, Sioux Lookout, Ignace and Dryden), temporary requests will not be considered until after October 1. It also takes time for the routes to stabilize.
11. With respect to temporary requests, the following criteria must be met: 1. The change must be for five (5) consecutive days or longer and have the same drop-off and pick-up, 2. Twenty-four hour advance written notice must be provided to either the **principal or transportation office**, 3. There must be space available, 4. No route deviations or new stops, and 5. **Written authorization must be given by the principal or designate to the driver**, (parents do not have the authority to give a note to the bus driver to initiate any changes).
12. During school start-up, transportation arrangements may take up to 72 (3 business days) hours to arrange. Once the volume of calls has subsided, it will take the normal 48 hours to arrange. **CALL NOW – WE ARE OPEN ALL SUMMER.**
13. In the interest of safety for the youngest students of our schools, the KEEWATIN-PATRICIA DISTRICT SCHOOL BOARD has a Visible Parent Program for JK/SK bus students. Junior and Senior Kindergarten students riding the school bus are to be met at their stop by a parent or parent-approved adult. The Program is in effect to ensure that students are not going home to an empty house and/or a child is not required to navigate their own way home unaccompanied. Bus drivers are instructed not to let JK and SK students off the bus unless there is an adult to meet them.
14. All Bus Routes are subject to transportation audits which could result in a change of service, time or bus stop.
15. **PLEASE ENSURE THAT ELIGIBLE STUDENTS ARE AT THEIR STOP AT LEAST TEN (10) MINUTES PRIOR TO THE SCHEDULED PICK-UP. AFTER THE ROUTE STABILIZES, (3<sup>rd</sup> WEEK OF SCHOOL), STUDENTS ARE TO BE AT THEIR STOPS AT LEAST FIVE (5) MINUTES PRIOR TO THE SCHEDULED PICK-UP. PLEASE RESPECT THIS AS DRIVERS HAVE A SCHEDULE TO MEET AND ARE NOT REQUIRED TO WAIT FOR STUDENTS.**

The Transportation Office is open all summer. Please direct inquiries to the Transportation Office Located in Dryden at 223-1256 or Toll Free 1-866-860-7770 Ext.1.
